

# THE INDOARYAN EXISTENTIALISM

Vol-3 | Issue 7 | December 15, 2019

We dream of a Divine Global Order -the World United States (WUS) by making India a 'Global Teacher'!

Inspired by Indo-Aryanisation, - is an ancient discovery of the natural laws of human evolution to balance Socio Environmental Ecology (SEE) of modern civilisation, with a realisation of 'oneness' to all.

## Jesus was an Aryan World Prophet

Christmas is being celebrated through the world as the Holy Birthday of Prophet Jesus Christ. Jesus was the son of Joseph and he was descended from the lineage of Isaac, the second son of Abraham. His first son was Ishmael, and Prophet Mohamed descended from Ishmael. So Mohamed and Jesus were two biological brothers and Abraham was the common origin of Christian and Islam. He is also known in IndoAryan culture as *Brahma*, the Aryan Brahmin Seer and the creator of Aryan culture. So Jesus and Mohamed were too Aryan Brahmin and all of us originated from Aryanism.

## CAB/NRC Bill and Social Unrest Issue

An unrest across the country is firing its stability and integrity due to an act made by the Government of India. The whole country has divided on this Citizen Amendment Bill (CAB).

What is this CAB? The bill would provide Indian citizenship to all immigrants apart from those of Islamic faith, seeking India's citizenship for shelter, due to eviction from three Islamic countries - Pakistan, Afghanistan, Bangladesh.

But National Register of Citizens (NRC) is not based on 'religion'. It is applied in Assam only to seek to detect any 'illegal immigrant' to detain and deport. But Government plans of another act on NRC.

After CAB became an act, i.e. CAA, nationwide protest rose

up and it turned into violence. Huge numbers of students, intellectuals, social activists came up against this. The participation of the Muslims was also very significant.

Where is the solution of this controversy? Any nation has full right to protect its interest, her citizen and their faith, culture, etc. It is a character of a true Nation to provide shelter of any sufferer, seeking protection, even of an enemy.

The Nation has to uphold the truth of '*One God, One Dharma and the same lineage of the Prophets*' to fight out the false propaganda of the communal drift against the fundamentalists and terrorists globally. This would make a people's unity within the country and region.

## World Master's Message

*"Do to others, as you would be done by,  
- but expect not in return."*
