About the Seminar

World is at a crossroad, passing through grave social crisis. We are unable to deal it with clarity, as we lack of guidance of a Seer. Sree Sree Anukulchandra (1888-1969) is such a modern day Seer, whose life and teachings provide us integrated solution of the crisis of human existence and growth. According to Him, 'Root of all isms is existentialism, no existence no ism'. His vision on various subjects such as Philosophy, Psychology, Science, Spiritualism, Materialism, Salvation, Education, Eugenics, Heredity, Marriage, Socialism, Communism, Economy, Health, etc. is scientific and epoch-making. To Him, 'What upholds existential factors is - Dharma; so God is one, Dharma is one and Prophets are the messengers of the same (one God & Dharma)'. According to Sree Sree Anukulchandra - man is the key factor of solution. So he has given three points man making program; viz, (1) 'Initiation' - acceptance of an Ideal (Seer) in life for psycho-spiritual growth, (2) 'Education' - nourishment of the potentials towards becoming, (3) 'Marriage reform' - genetic enrichment through better offspring, applying the laws of eugenics.

This seminar looks forward to highlight the scientific thoughts of Sree Sree Anukulchandra and research work in the related streams of knowledge, that will throw light to make better human resource, better society, better India and better world order.
